### Make Sure Your Zoom is Up to Date

It is a good idea to update your zoom software from time to time. If you are having difficulties with Zoom, such as not being able to hear sometimes, or not being able to be heard, it may be time for an update. Updating Zoom will occasionally also provide new helpful features.

To update your Zoom, click on your user icon on the desktop client, or login to your Zoom account at [www.zoom.us](http://www.zoom.us). This video has helpful instructions for updating Zoom:
